The compulsory works specified in clause 7(1) of the Licence have been completed, but owing to the paucity of load offered by consumers during the day the supply is given only from 6 PM to Midnight. I do not think this can be considered to render the execution of the scheme as a whole incomplete and therefore

I recommend that the security be returned. I do not think that the ~~addition of additional~~ the proposal to extend the area should cancel affect the return of the security.
